

C-AXI01002T1/T2 1/18 UTB18 Capra 4WD Unlimited Trail Buggy RTR Black/Grey

The go-anywhere grit of Axial rock crawling rigs is now available in a whole new scale with the UTB18 Capra 4WD Unlimited Trail Buggy. Its unique, 1/18 scale size makes high-end RC crawling easily affordable — and you can take the UTB18 Capra 4WD almost anywhere for the unlimited scale trail experience even in locations with limited area for crawling. Mini competition enthusiasts will also love the highly capable design. Of course, no Axial fan's collection will be complete without this high-capability, groundbreaking rig.

The Axial UTB18 Capra 4WD Unlimited Trail Buggy comes ready-to-run with high-quality electronics, a Spektrum SLT2 radio, LiPo battery, and Dynamite USB charger. You'll need nothing else to get crawling except the urge for adventure!

FEATURES

- Axial Capra rock crawling performance now in 1/18 scale!
- Proven Capra tube chassis design for realistic looks and optimum clearance
- Fully ready-to-run — everything you need is included in the box
- Portal axles for maximized ground clearance
