

BUILT WITH SAFE

THE ULTRA MICRO CROP DUSTER

A-EFLU16450 UMX Air Tractor BNF Basic

Texas-based Air Tractor was founded in 1978 and is a leading manufacturer of aircraft built for agricultural, firefighting, and other utility applications. Air Tractor aircraft can be found hard at work over fields and forests in more than 30 countries worldwide. Factory-finished in the familiar, high-visibility yellow and blue trim scheme with moulded-in panel lines, rivets and more, the E-flite UMX Air Tractor offers a superb scale appearance you'll be proud to show off everywhere you go. It features exclusive Spektrum AS3X and SAFE Select technologies, making it a perfect scale low-wing model for intermediate to experienced RC pilots. It's also equipped with functional features including LED navigation and landing lights, flaps, and oversized tyres, plus it's capable yet easy to fly making it an ideal choice for your first — or next — scale or low-wing airplane.

FEATURES

- Scale replica of the agricultural “crop dusting” utility aircraft including moulded-in panel lines, rivets and more
- Ultra-micro sized, uniquely capable, and versatile so it can be flown in more places and smaller spaces
- Short Takeoff and Landing (STOL) plus sport flying and aerobatic capabilities
- 2S and 3S compatible motor and ESC for a wide range of performance
- Compatible with the Spektrum DXS transmitter included with many RTF models
- Real-time battery voltage telemetry with compatible Spektrum transmitters
- Spektrum receiver with industry-leading 2.4GHz DSMX technology
- Easier to fly with optional-use SAFE Select flight envelope protection
- Unmatched stability and locked-in feel of AS3X technology for smoother performance
- Functional flaps for shorter takeoffs/landings and improved slow speed handling
- Factory-installed and functional LED landing, navigation, and strobe lights
- Oversized tyres for the ability to take off and land on a variety of surfaces

NEEDED TO COMPLETE

- Full-range 6+ channel Spektrum DSMX compatible transmitter
- 2S 7.4V or 3S 11.1V 280-300mAh LiPo with JST-RCY Connector (or JST-PH connector plus a suitable JST-RCY to JST-PH adapter, including SPMXCA327, sold separately)
- Compatible LiPo charger

IN THE BOX

- (1) E-flite UMX Air Tractor with:
- (5) Spektrum Linear Servos (installed)
- (1) Brushless Outrunner Motor
- (1) Spektrum Control Unit with (1) Receiver and (1) Brushless ESC
- (1) Product Manual
