

SCX10 III
BASE CAMP

THE ADVENTURE STARTS ON THE BENCH

C-AXI03011 SCX10 III Base Camp 4WD Rock Crawler Builder's Kit

The SCX10 has long been the RC platform of choice for scale trail enthusiasts. In 2022 Axial introduced the SCX10 III Base Camp 4WD RTR and gave cost-conscious crawling fans the chance to enjoy its performance and realism. Now comes a new way to experience SCX10-based adventure — the SCX10 III Base Camp Builder's Kit.

Kit building is a hobby perfectly suited for Axial enthusiasts, many of whom are passionate about tinkering with and modifying their rigs. There's no better starting point for your adventure build than the Base Camp Kit. It's a classic crawling platform that carries a wealth of proven Axial quality and innovation.

The Axial SCX10 III Base Camp Builder's Kit give you the perfect foundation for your adventuring — the proven SCX10 III steel C-channel chassis, an optimized suspension and steering, and a trail-tough drivetrain. When you add your choice of body, tyres, wheels, and electronics, it's a rig you can truly call all your own.
