

**C-ARA4404T1/T2 1/8 MOJAVE 4X4 4S BLX Desert Truck RTR, White/Blue**

Go brushless bashing in a big way with the affordable ARRMA MOJAVE 4S BLX 4X4 Desert Truck RTR. It's got it all - legendary toughness, dynamic handling, and the brutal speed of a Spektrum4S-ready brushless power system that's capable of 50+ mph under optimum conditions. Even better, this high-performance package comes wrapped in exciting 1/8 scale desert truck realism, complete with a detailed cockpit plus a roll cage and roof rails!

Cut loose with incredible acceleration courtesy of the factory-installed Spektrum Firma 2400Kv brushless motor and waterproof Firma 120A ESC with IC5 connectors. The heavy-duty composite chassis and EXB (EXtreme Bash)-enhanced transmission take it all in stride. The MOJAVE Desert Truck also introduces a rugged centre diff to the ARRMA 4S BLX 4X4 platform, for truly awesome traction and handling.

**FEATURES**

- Scale desert truck body with two colour options
- Inner body with scale looks and added dirt protection
- 4S LiPo-capable Spektrum brushless power system
- Three-differential all-wheel drive
