

C-ARA8708T1 1/8 KRATON 6S BLX 4X4 EXtreme Bash Speed Monster Truck RTR

Loaded with improvements - including updated oil-filled shocks, toughened V2 anodized aluminium chassis braces, and EXB aluminium option parts for fierce style and unstoppable strength - the ARRMA KRATON 6S EXB is ready for Extreme Bashing in a very big way. The value, too, is even bigger than before.

From the 7075 T6 aluminium laser-etched chassis plate to the red-anodized aluminium front and rear bulkheads, EXB-hardened parts give the ready-to-run ARRMA KRATON 6S EXtreme Bash Speed Monster Truck exceptional toughness and intimidating style. Everything in its durable design contributes to confident control and responsive handling over dirt, asphalt, and grass - all terrain and all conditions. All-metal diff outdrives and gearbox internals, plus durable steel driveshafts, provide a reliable, heavy-duty drivetrain that holds up to high-speed bashing.

The RTR package comes with a Spektrum DX3 Smart transmitter and SR6200A AVC receiver that together let you take advantage of the Smart electronics' telemetry capabilities right out of the box.

FEATURES

- Tough, great-looking EXtreme Bash red-anodized aluminium front and rear bulkheads
- Push oil-filled shocks to soak up the terrain
- Redesigned servo saver for a direct steering feel

- Split tower-to-tower centre braces
- All-metal gearbox internals
- Stronger front and rear diff outdrives
- Heavy-duty drivetrain
- Durable steel driveshafts throughout
- Strong composite chassis side guards
- Multi split-spoke wheels
- Multi-terrain dBoots COPPERHEAD 2 tyres
- Spektrum Electronics and Transmitter
- Durable wheel hubs
- Black matte and gloss effect body
- High downforce wing
- Center body support

IN THE BOX

- (1) 1/8 KRATON 6S BLX 4X4 EXtreme Bash Speed Monster Truck RTR
- (1) Spektrum DX3 2.4GHz DSMR radio
- (1) SR6200A DSMR receiver with AVC
- (1) Spektrum Firma 150A V2 Smart Waterproof* ESC with IC5 connectors
- (1) Firma 4074 2050Kv brushless motor with ARRMA heatsink and cooling fan
- (1) Spektrum S665 steel gear waterproof* servo
- (4) AA Batteries
- (1) Instruction Manual
- Miscellaneous tools

NEEDED TO COMPLETE

- (2) 2S, (2) 3S, (1) 4S, or (1) 6S Hardcase LiPo Battery
 - (1) Compatible LiPo Charger
- Maximum Battery Dimensions: 158 x 48 x 70mm
Minimum LiPo battery spec: 5000mAh 50C
