

# A SMARTER AVIATION CLASSIC

**A-EFL05450/A-EFL05475** Cherokee 1.3m BNF Basic / ARF

The iconic PA-28 Cherokee began rolling off the assembly line in Vero Beach, Florida in the early 1960s. Since then, thanks to its simple design and smooth handling, more than 32,000 Cherokees and variants have been produced for flight training, personal use, and beyond. The original E-flite Cherokee 1.3m was a popular tribute to this aviation classic that offered incredible handling every RC pilot could appreciate while featuring a variety of functional scale features including navigation and landing lights, a full-flying stabilator, flaps, and more. Now this updated and upgraded version includes a Spektrum Avian 70A Smart Lite ESC as part of the optimized power system along with other improvements to make it Smarter and more fun to fly than ever before!

## FEATURES

- A more efficient, smaller diameter prop helps to improve ground clearance and performance
- 70-amp Spektrum Avian Smart Lite ESC provides real-time data via compatible receivers and transmitters
- Abundant scale detail including moulded-in panel lines, rivets, corrugated control surfaces, and more
- Factory-installed LED navigation lights, strobes, beacon, and landing lights for added scale realism and visibility
- Shock-absorbing nose strut featuring an improved design for easier maintenance and oversized wheels for operation from a variety of surfaces
- Full-flying horizontal stabilizer/elevator (stabilator) with an updated mounting system for improved control
- Two-piece plug-in wing panels featuring a convenient hands-free servo connection system for the servos and lights
- Functional slotted flaps for shorter takeoffs/landings and improved slow-speed handling
- Factory-painted and finished in a classic yet modern trim scheme
- Lightweight and durable composite-reinforced EPO construction

## NEEDED TO COMPLETE

- BNF Basic Version**
- (1) Full-range 5-6+ channel Spektrum DSMX compatible transmitter
- PNP Version**
- (1) Full-range 5+ channel transmitter and receiver
- Both Version**
- (1) 3S 11.1V or 4S 14.8V 2200-4000mAh LiPo Battery with EC3 or IC3 Connector
  - (1) Compatible LiPo Charger

## IN THE BOX

- (1) E-flite Cherokee 1.3m with:
- (6) Spektrum Sub-Micro Servos
- (1) Spektrum BL Outrunner Motor
- (1) Avian 70-Amp Smart Lite BL ESC
- (1) AR631 6-Channel Receiver\*
- (1) Product Manual
