

**C-ARA4219V3BT1/T2 Vengeance 3S BLX Speed Racer RTR Green / Blue**

The ready-to-run, 1/8 scale ARRMA VENDETTA 4X4 3S BLX Speed Racer makes it easy for any driver with intermediate experience to enjoy the thrill of blasting at incredible speeds over on-road and light off-road surfaces. Just install your 3S LiPo battery and the supplied optional speed pinion to reach 70 mph+ speeds in optimum conditions — while ARRMA engineering and Spektrum electronics provide exceptional durability and control.

The VENDETTA 4X4 3S BLX Speed Racer body is available factory-finished in your choice of green or blue matte and gloss effect paint schemes with scale decals. Only a 2S or 3S hardcase LiPo battery, compatible charger and four AA transmitter batteries are required.

**FEATURES**

- Optional pinion included for reaching 70 mph+ speeds (in optimal conditions with a 3S LiPo battery)
- Powerful Spektrum Firma 3660 3900Kv brushless motor
- Front and rear sway bars for the ultimate all-road handling
- Threaded oil-filled shocks
