

C-LOS03035T1/T2 1/10 69 Camaro 22S Drag Car, Brushless RTR Summit / Blue

The 69 Camaro has been carefully crafted to give a classic look while still fitting into the rules and regulations set by the No-Prep Drag Racing scene. It has all the advantages of an aluminium chassis such as electronics protection, side impact guards, and a clean wire management system with plenty of 22S option parts. It's designed with racers in mind with many outstanding features including officially licensed Mickey Thompson tyres, limited travel oil filled front and rear shocks, low centre of gravity rear shock tower, extended body mounts, optional heavy duty sway bar, adjustable weight front bumper, elevated transmission, adjustable turnbuckles, and a fully adjustable wheelie bar. You get an all-metal gear transmission for concrete dependability along with a Spektrum SLT3 transmitter and dual protocol receiver, Spektrum Firma 100 amp Smart ESC, and Spektrum Firma 6500kv brushless motor. From its unmistakable body, to rapid handling, everything about the Losi 1969 Camaro Drag Car is ready to provide racing thrills like nothing else.
