

**C-ARA3230ST1/T2 1/10 GORGON Monster Truck RTR (with Battery/Charger) Yellow/Red**

Sink your teeth into RC bashing with monster attitude — drive the 1/10 scale ARRMA® GORGON™ MT 2WD! Ready to run, affordable to own, and easy to upgrade, it also comes with a Spektrum™ Smart NiMH battery and Smart USB charger for safe, simple charging.

Blast beyond routine RC with a monster truck that's built the way only ARRMA® makes them — tough as nails, full of attitude, and capable of pushing past anything in your path. Fully assembled and ready to run, the 1/10 scale ARRMA GORGON™ MT is perfect even for young, first-time bashers and a fun addition to any hobbyist's fleet of RC vehicles. It's fun to drive, affordable to own, and easy to upgrade with LiPo batteries and brushless motors whenever you're ready for next-level performance.

Includes NiMH Battery and USB-C Charger
