

**A-EFLU02050** UMX Eratix 3D FF (Flat Foamy) 450mm BNF Basic with AS3X & SAFE Select

The E-flite Eratix 3D FF (Flat Foamy) 860mm took the market by storm by being the most convenient, easiest to assemble, and fly “flat foamy” model in its class. Now the UMX Eratix 3D FF 450mm offers those same benefits in a scaled-down, ultra-micro size so you can fly in more places and smaller spaces – including indoors! It arrives fully factory assembled and ready to fly right out of the box, including a 2S-compatible brushless outrunner motor with a prop saver, four servos, and a Spektrum receiver featuring AS3X and SAFE Select technologies.

**FEATURES**

- A scaled-down, ultra-micro version of the popular Eratix 3D FF (Flat Foamy) 860mm you can fly in more places and smaller spaces
- Powerful 2S compatible brushless outrunner motor with prop saver
- Spektrum receiver with fly-by range telemetry and industry-leading 2.4GHz DSMX technology
- Easier to fly with innovative and optional-use SAFE Select flight envelope protection
- Completely factory-assembled and ready to fly right out of the box
- Real-time battery voltage and other telemetry data with compatible transmitters
- The unmatched stability and locked-in feel of exclusive AS3X technology
- Laser-cut flat foam airframe with composite reinforcement
- Oversized control surfaces for full 3D aerobatic capability
- 4 factory-installed servos and linkages
