

AN AMERICAN CLASSIC, FAITHFULLY RECREATED.

**A-EFL-3726 / A-EFL-3727** Beechcraft D18/RC-45J 1.5m BNF Basic / PNP

The adaptable “Twin Beech” D18 led to 32 variants and more than 9,000 aircraft built between 1937 and 1969, serving in roles from passenger transport to military training. The original E-flite 1.5m model earned a reputation as one of the most convenient and easiest-to-fly scale replicas of the iconic Beechcraft Model 18.

Now it returns in a U.S. Navy trim scheme inspired by the Beechcraft RC-45J, complete with detailed scale features, LED navigation lights, retracts, and flaps. A 3S/4S-compatible power system with a Spektrum Avian Dual Smart Lite ESC and AR631+ receiver (BNF Basic only) delivers telemetry plus AS3X+ and SAFE Select technologies—transforming the aviation classic into a modern RC twin that’s accessible to a wide range of pilots.

**FEATURES**

- Scale details including moulded-in panel lines and hatches, antennas, simulated radial engines, and more
- Fits batteries from 3200-5000mAh to deliver a wide variety of performance and flight times
- 40-amp Spektrum Avian Dual Smart Lite ESC provides real-time battery voltage and other telemetry data, plus differential thrust capabilities, via compatible transmitters
- Three-piece wing includes a centre section with main gear plus hands-free connections for easier storage and transport
- Updated fuselage design to eliminate the need for significant elevator trimming
- Reliable electric retracts for operation from a variety of surfaces
- Convenient top hatch with clear canopy, cockpit detail, and pilot figure
- Fully moulded EPO airframe
- Fast and easy assembly – no glue required

**IN THE BOX**

- (1) Beechcraft D18/RC-45J 1.5m with:
- (6) Spektrum Digital, Metal-Geared Servos
- (2) Spektrum Brushless Outrunner Motors
- (1) Spektrum Avian Dual 40-Amp Smart Lite Brushless ESC
- (1) Spektrum AR631+ 6-Channel Receiver with AS3X+ and SAFE Select\*
- (1) Product Manual

**NEEDED TO COMPLETE**

- BNF Basic**
- (1) Full-range 6-8+ channel Spektrum DSMX/DSM2 compatible transmitter
- PNP**
- (1) Full-range 6+ channel transmitter and receiver
- Both**
- (1) 3S 11.1V or 4S 14.8V 3200-5000mAh LiPo with EC3 or IC3 Connector
  - (1) Compatible LiPo charger
