

C-ARA4315V4T1/T2/T3 1/8 INFRACTION 223S RTR Blue+Red / Black+Red / Teal+Pink

The ARRMA INFRACTION 223S BLX DSC 4X4 RTR is a high-performance 1/8 scale street machine designed to deliver speeds of 65+ MPH with improved control, durability, and accessibility. Positioned as a versatile option in the ARRMA lineup, it suits users upgrading from smaller models or seeking powerful performance without stepping into extreme setups. It features a re-engineered drivetrain with metal-gear differentials, steel input gears, and sealed bearings for enhanced durability and reduced maintenance. A transmission overload coupling protects internal components, ensuring smoother launches and fewer mechanical failures. Built on the new 223S BLX platform, it includes Spektrum Dynamic Stability Control (DSC), offering multiple modes to assist with drifting and handling, making it suitable for both beginners and experienced drivers. High-grip dBoots Hoons tyres, waterproof electronics, and responsive controls further enhance its all-terrain capability and reliability.

FEATURES

- 65+ MPH with included speed pinion (using 3S LiPo)
- Spektrum DSC with 4 selectable modes automatically applies steering correction for controllable stunt action
- Throttle limiting for confidence-building speed management
- Metal-gear 37T 1.35 MOD differentials throughout
- Steel input gears for increased durability
- Transmission overload coupling protects drivetrain, no slipper clutch tuning required
- Dual rubber-sealed bearings throughout
- dBoots Hoons all-road, belted tyres for optimal traction and long-lasting durability
- Modular design for easy maintenance access
- Oil-filled composite shocks
- Heavy-duty front and rear bumpers

IN THE BOX

- (1) INFRACTION 223S BLX DSC 4X4 RTR
- (1) S662 MG Waterproof* Digital Servo
- (1) Spektrum 2400kv Brushless Motor
- (1) Spektrum SLR370 DSC SLT Receiver
- (1) Spektrum Firma 100 V2 Smart ESC
- (1) SLT3 2.4GHz 3 Channel Transmitter
- (1) Speed Pinion
- (4) AA Transmitter Batteries
- (1) Instruction Manual

NEEDED TO COMPLETE

- 1 x 2S or 1 x 3S LiPo Battery
- Compatible Charger
- Charging Bag
