

THE ULTIMATE AEROBATIC TRAINER

A-EFL20550 / A-EFL20575 Super Decathlon 1.2m BNF Basic / PNP

Pilots and instructors widely regard the Super Decathlon as one of the best aerobatic trainers. Evolving from the Aeronca Champ and Citabria, it features inverted fuel and oil systems and a nearly symmetrical wing for smooth inverted and "outside" maneuvers.

The E-Flite® Decathlon RJG 1.2m quickly became known as a capable, well-equipped, and easy-to-fly model, now returning in an iconic Super Decathlon trim with added features. Its "friendly handling" design supports both smooth sport flying and more advanced aerobatics without the harsh behavior seen in similar models.

It includes LED landing and navigation lights, scale detailing, upgraded digital metal-gear servos, and a 3S/4S-compatible power system with a 45A Spektrum™ Avian™ Smart Lite ESC. The BNF Basic version also adds an AR631+ receiver with telemetry, AS3X+, SAFE Select, and Smart Transmitter File (STF) support.

FEATURES

- A scale model of the full-scale aerobatic trainer that's factory-finished in one of the most iconic trim schemes
- Popular 3S and 4S 2200-3200mAh batteries deliver excellent performance and flight times
- 45-amp Spektrum Avian Smart Lite ESC provides real-time battery voltage, current, RPM, and other data via compatible receivers and transmitters
- Four improved and factory-installed digital and metal-gear servos with ball-link-equipped linkages
- Functional LED landing and navigation lights for added scale looks
- Specially tuned motor compatible with 3S and 4S batteries without the need for modifications or upgrades
- 45-amp Spektrum Avian Smart Lite ESC provides real-time battery voltage, current, RPM, and other data via compatible receivers and transmitters
- Tool-free wing assembly with quick-release struts for convenient storage and transport
- Fast and easy bolt-together assembly - no glue or special tools required
- Convenient top-mounted hatch provides easy access to the battery
- Simple and durable

IN THE BOX

- (1) E-flite Super Decathlon 1.2m with:
- (1) Spektrum Brushless Motor
- (4) Spektrum Digital and MG Servos
- (1) Avian 45-Amp Smart Lite BL ESC
- (1) AR631+ 6-Channel Receiver*
- (1) Product Manual

NEEDED TO COMPLETE

- BNF Basic**
- (1) Full-range 4-5+ channel Spektrum DSMX compatible transmitter
- PNP**
- (1) 4+ channel transmitter and receiver
- Both**
- (1) 3S 11.1V or 4S 14.8V 2200-3200mAh LiPo with EC3 or IC3 Connector
 - (1) Compatible LiPo charger
