

TALION EXB 6S_{BLX}

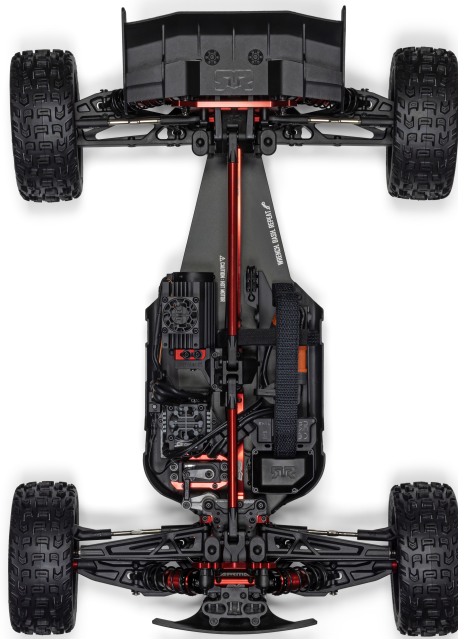

BUILT FOR SPEED. ENGINEERED TO LAST.

C-ARA7707V6T1 1/7 TALION 6S EXB 4X4 RTR Speed Truck, Black

The ARRMA TALION 6S EXB RTR returns after more than two years with a complete overhaul. Now scaled up to 1/7, it's longer and more stable, with a stretched wheelbase that boosts high-speed confidence. Powered by a Spektrum 2050Kv brushless motor and 150A Smart ESC, it delivers over 75 mph with smooth, responsive acceleration.

Built for extreme durability, it features a laser-etched 7075 T6 aluminium chassis, reinforced drivetrain with all-metal internals, and heavy-duty components throughout. EXB shock towers, centre bracing, and a high-downforce wing improve rigidity and control at speed.

The TALION supports both 4S and 6S setups, with throttle limiting for gradual skill progression. Supplied ready-to-run (just add battery and charger), it combines strength, speed, and precision—making it a serious machine for high-performance bashing.

FEATURES

- Laser-etched 7075 T6 aluminium chassis plate
- Anodized aluminium front and rear bulkheads
- Stronger diff outdrives front and rear
- All-metal gearbox internals
- Durable steel driveshafts throughout
- Heavy-duty drivetrain
- EXB aluminium shock towers
- One-piece wing mount
- Split tower-to-tower centre braces
- Rear stainless steel skid plate
- Wide front bumper and skid plate
- Heavy-duty arms front and rear
- EXB Shock caps and M4 shock standoffs
- Heavy-duty aluminium plates and hangers
- Heavy-duty turnbuckles
- Strong composite chassis side guards
- Tuned shock package
- High-downforce wing
- Sleek Talion styling with purpose-designed body print
- Waterproof electronics*
- Bashing and speed gearing included
- Ready to run

IN THE BOX

- (1) TALION 6S BLX EXB 4X4 1/7 Scale Speed Truck RTR
- (1) Spektrum Firma 150A Smart V2 Brushless 6S ESC with updated B5.12 firmware and IC5 connectors
- (1) Spektrum Firma 4074 2050Kv Brushless Motor with ARRMA Heatsink and Cooling Fan
- (1) Spektrum SLT3 2.4GHz Transmitter
- (1) Spektrum SR315 DSMR 3-Channel Dual Protocol Sport Receiver
- (1) Spektrum S665 High-Torque Waterproof Metal-Geared Digital Servo
- (4) AA Transmitter Batteries
- (1) Instruction Manual

NEEDED TO COMPLETE

- High Quality LiPo, 50C + - 2 x 2S LiPo or 2 x 3S LiPo or 1 x 4S Hardcase LiPo or 1 x 6S Hardcase LiPo with EC5/IC5 con.
- Compatible Charger
- Charging Bag
