

# THE JET FOR JUST ABOUT EVERYONE

**A-EFL-3133 / A-EFL-3134** Habu SS (Super Sport) 50mm EDF Jet PNP / BNF Basic

Based on one of the best first and high-performance EDF (Electric Ducted Fan) sport jet platforms ever designed - the legendary Habu - the E-flite Habu SS 50mm EDF is the most affordable and convenient version yet, scaled down from the popular Habu STS (Smart Trainer with SAFE) and SS (Super Sport) 70mm EDFs. It's the perfect first-ever EDF for low-time RC pilots making the transition into jet flying, and one of the best-ever everyday sport jets for experienced pilots! This updated and upgraded version features a stronger and stiffer airframe equipped with a now 3S and 4S capable power system compatible with extremely common and popular 1300-2200mAh batteries. Both versions include a Spektrum Avian 30-amp Smart Lite ESC and four factory-installed servos. Plus, the BNF Basic version is now equipped with an upgraded AR631+ receiver to deliver real-time telemetry data along with enhanced AS3X+, SAFE Select, and Smart Transmitter File (STF) technologies.

## FEATURES

- A scaled down version of the popular Habu STS and SS 70mm EDFs that's more affordable and convenient for more pilots to fly in more places
- Based on one of the best first and high-performance EDF (Electric Ducted Fan) sport jet platforms ever designed - the legendary Habu
- Improved airframe design that's stronger and stiffer than before, without any cheater holes and an enlarged rudder
- Popular and affordable 1300-2200mAh batteries deliver excellent performance and flight times
- 30-amp Spektrum Avian Smart Lite ESC provides real-time battery voltage, current, RPM and other data via compatible receivers and transmitters
- Optional-use motor/thrust reversing to help shorten rollout after landing and for other special ground handling capabilities
- Easy to hand launch and belly land without the landing gear installed
- Lightweight yet durable composite-reinforced EPO construction
- Factory-finished in a high-contrast trim scheme
- Fast and easy assembly - no glue required

## IN THE BOX

- (1) E-flite Habu SS 50mm EDF with:
- (4) Spektrum Servos
- (1) Spektrum BL Outrunner Motor
- (1) Avian 30-Amp Smart Lite BL ESC
- (1) AR631+ 6-Channel Receiver\*
- (1) Product Manual

## NEEDED TO COMPLETE

- BNF Basic**
- (1) Full-range 4-6+ channel Spektrum DSMX compatible transmitter
- PNP**
- (1) 4+ channel transmitter and receiver
- Both**
- (1) 3S 11.1V or 4S 14.8V 1300-2200mAh LiPo with EC3 or IC3 Connector
  - (1) Compatible LiPo charger
