

B-PRB-2072T1 Miss Illinois U-34 34" Unlimited Hydro Race RTR

Experience the excitement of H1 Unlimited hydroplane racing with the Pro Boat Miss Illinois U-34 34" Brushless Hydro Boat RTR. Inspired by turbine-powered race boats capable of almost 200 mph, this scale model combines authentic styling with incredible 70+ MPH performance. A Spektrum 8S 160A Smart ESC and water-cooled 4685 4-pole brushless motor deliver explosive acceleration and impressive top speed.

The transmitter-controlled adjustable canard allows aerodynamic tuning while running, with an emergency full-downforce button helping to prevent blow-overs. A fully adjustable rear wing, pre-sharpened aluminium turn fin and CNC aluminium propeller strut provide precise handling and extensive tuning options.

The SSL battery tray makes battery changes quick and secure, while the breakaway aluminium rudder, stainless steel hardware and organised cooling system improve durability and reliability. Ready to run with premium electronics and detailed scale features, the U-34 offers thrilling hydroplane performance out of the box.

FEATURES

- 70+ MPH on 8S LiPo power
- Spektrum Firma 160A Smart brushless marine ESC
- Spektrum 4685 1350Kv 4-pole water-cooled brushless motor
- DX3 Smart 3-channel DSMR transmitter and SR315 receiver
- Transmitter-adjustable front canard for real-time aerodynamic tuning
- Dedicated emergency full-downforce control helps prevent blow-overs
- Adjustable rear wing for fine-tuning lift, drag and stability
- Precision injection-moulded hydroplane hull
- SSL Strap, Slide, Lock battery trays for fast, consistent battery installation
- Adjustable CNC-machined aluminium propeller strut
- Aluminium two-blade propeller and breakaway aluminium rudder
- Pre-sharpened, height- and angle-adjustable aluminium turn fin
- Dual independent water-cooling systems for the motor and ESC
- Waterproof receiver box with organised, moulded cooling-line routing
- Stuffing-tube grease catch helps keep the hull interior clean
- Durable stainless-steel hardware throughout
- Custom hand-painted Miss Illinois U-34 scale finish
- Fully assembled Ready-to-Run package

IN THE BOX

- (1) Miss Illinois U-34 34" Brushless Hydro Boat RTR (fully assembled)
- (1) Spektrum DX3 Smart 3-Channel DSMR Transmitter
- (1) SSL Battery Trays
- (1) Wooden Boat Stand

NEEDED TO COMPLETE

- (2) 4S 100C LiPo battery packs w/IC5 plugs
- (1) Compatible LiPo charger
