2020 SPRING LINE-UP

**DON'T JUST BASH. BLAST.**

LOGIC RC

Whether you are new to the hobby of Radio Control, or a seasoned RC fan, Arrma can offer you exactly what you need to take on new challenges, and set yourself the goal of becoming an Arrma RC king. Designed from the ground-up by experts who understand the importance of strength, speed and incredible value, Arrma vehicles are **DESIGNED FAST** **DESIGNED TOUGH**

### THE POWER SYSTEMS

The brushed power systems are perfectly suited for back-yard bashing with family and friends, the MEGA 550 power system provides consistent performance for RC fans who demand reliability and hassle-free running.

This range of Brushless ESC's and motors provide the ultimate in performance and maintenance free bashing! Each BLX power system is rated for different high-power inputs, from 3S LiPo power up to 6S.

The Firma range delivers power and intelligence all in one. Get real time ESC and battery data without additional sensors or modules, straight to your radio when using SMART batteries and corresponding transmitter.

— BRUSHED —

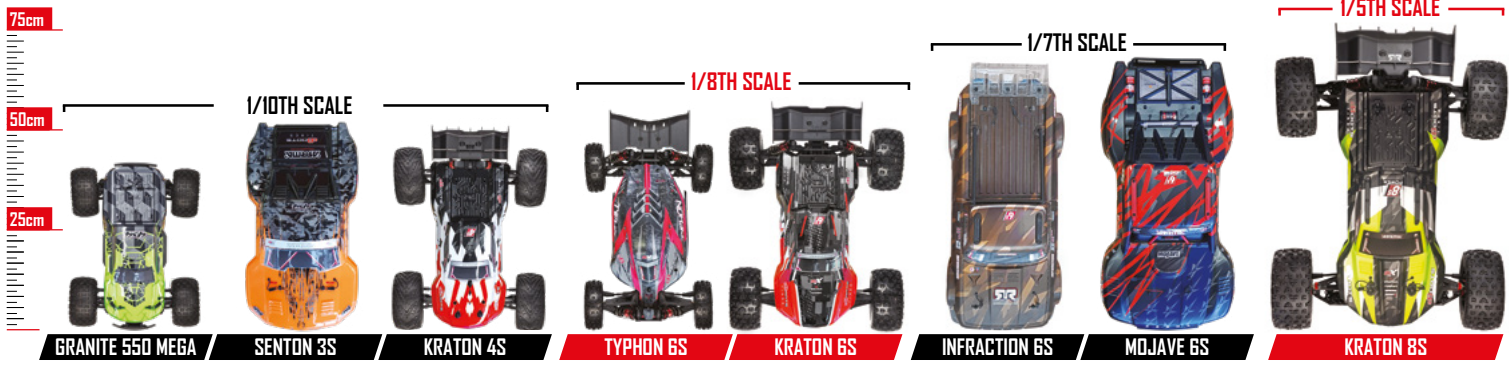

— BRUSHLESS —

### THE ARRMA LIPO RATING SYSTEM

Through the Arrma range of vehicles there are a number of vehicles that are capable of handling 3S, 4S, 6S and 8S LiPo power. Each increase denotes a step up in power and performance from the power system and is rated to its highest capability. We recommend Spektrum Smart batteries and chargers for all Arrma vehicles. With the Intelligent Connector (IC3 & IC5) you will get the polarity correct every time. With the integrated microchip installed on every Smart battery and Smart Data Wire on the connector, the batteries practically take care of themselves with the charger helping to make charging easier, faster, safer and more convenient.

### RANGE OVERVIEW

Making your move into 1/8 scale buggy bashing has never been easier. The Typhon 4X4 MEGA 550 Speed Buggy is ready for action in all terrain in any conditions. Its 12T 550 brushed motor supplies rippling muscle for rock-jumping speeds with the included 8.4V battery. Fitted with dBots 2-HD tyres on tough, multi-spoke wheels give great grip on any surface.

**IDEAL ENTRY LEVEL RC CAR**  
 GRANITE - 1/10TH 4WD 550 MEGA MONSTER TRUCK  
 ARA102714i1 - GREEN/BLACK / T2 - RED/BLACK

### OVERVIEW

Fast and fully equipped, the Granite 4X4 MEGA RTR arrives ready-to-bash in all terrain and conditions. Its Mega 12T 550 brushed motor gives you the muscle to reach maximum speeds and its waterproof electronics make it ready-to-run in any type of weather. Just add four AA batteries and charge the included 8.4V NiMH battery and you're straight into dirt-blasting, rock-crushing fun.

# GRANITE 1/10 3S BLX

## OVERVIEW

This monster truck will rock you to the core with its jaw-dropping power and 50+ MPH brushless performance. The aggressively styled truck body looks great while bashing and even better up-close and personal. To cap it off the Fortress tyres on black chrome multi-spoke wheels give the superb bite on a multitude of surfaces in addition to a mean look.

## BASHER

GRANITE - 1/10TH 4WD 3S BLX MONSTER TRUCK  
ARA102720T1 - ORANGE/BLACK / T2 - RED/BLUE

## OVERVIEW

Accented by black chrome-plated front and rear bumpers and wheels, the Big Rock Crew Cab truck's long, scale crew cab body marks the epitome of street style. With the included dBoots Ragnarok MT tyres, you'll take it on the run over dirt tracks, trails, and even muddy courses.

## OVERVIEW

The 3S-capable Typhon Speed Buggy delivers power, strength, style, and the ability to reach extreme 50+ mph speeds. With a low centre of gravity, wide arms and narrow buggy wheels and tires, improves handling over all of your favorite bashing terrain – race tracks, trails, muddy courses, skate parks, and more.

# OUTCAST 4S BLX

At home on trails, over muddy courses, at skate parks and race tracks the OutCast 4S is the perfect middle ground between 3S and 6S machine. It delivers no-holds-barred stunt performance with its stretched track width and added centre brace for unrivalled durability and outstanding performance.

ARA110002T1 - GREEN / T2 - ORANGE

### OVERVIEW

Bigger than big and engineered for brute power and toughness, this Speed Monster Truck takes your bashing ability to the next level. Its rugged and tough design lets you blast up, over, and through bruising obstacles without worry. Combined with 20mm bore oil filled shocks and beefed up composite towers it tackles the most extreme terrain with ease. Featuring an all Spektrum electronic package, you can reap the benefit of SMART technology. This allows you to view real time data such as RPM, ESC temperature, receiver voltage and much more when connected wirelessly via the bluetooth module (sold separately) and viewed through the Spektrum Dashboard app that can be downloaded for free.
